SOPHOMORES PROMISE TAMING OF FRESHMEN

Albert Foley Elected President of Sophomore Class at Election Tuesday Evening.

PLAN SOPH MIXER SOON

"We are Going to Drag the Class of 1926 Through the Water this Year"—"Al" Foley.

The Sophomore Class of Columbian College began the rallying of its forces when it met on Tuesday night, October 24th, in the chapel, Lisner Hall, for the election of its officers. Graham Fly, president of the freshmen class of last year, presided at the meeting until Albert Foley was elected Sophomore president for 1922-23. Foley then took the chair and proceeded with the other elections, which resulted as follows: Vice president, Margaret Bowie; secretary, Betty Bradford; treasurer, Lyle Ohlander; sergeant at arms, Graham Fly.

With such officers the Sophomore Class of 1922-23 promises a successful year. Graham Fly being sergeant at arms, woe to the bold Frosh who dares to interfere with the activities of the Sophomore Class.

Sophomores were reminded to be prepared for the Frosh-Soph tug of war, which will soon be held. They are planning so as not to receive the fate of their predecessors. Plans are now under way for a Sophomore mixer.

"The class of 1925 pulled the class of 1924 through the water last year in the tug of war, and we are going to give the class of 1926 a bath this year," said the newly elected president, "and when the time comes I hope all ye Sophs will be in line."

URGE SENIORS TO SUBMIT CHERRY TREE DATA SOON

Seniors Defined as Those Who Graduate in February, June, or Next October.

The Cherry Tree, perhaps more than any other of the University's activities, concerns itself with the question "What is a Senior?" And a Senior, to the uninitiated, means one of those luckless ones who rates having his picture taken in cap and gown and a place in the very front section of the Cherry Tree with a list of all the things he's been underneath his benign countenance. But to speak more strictly—a Senior in the eyes of the 1923 Cherry Tree staff, is anyone who expects to graduate either in February, June, or next October. He need not be getting a bachelor's degree, for this same classification applies to those receiving either doctor's or master's degrees as well as to those receiving bachelor's degrees.

A card containing spaces for the Senior to fill out has been printed and will be in the offices of each of the colleges awaiting the Senior's arrival to fill them out. The staff wishes to urge every Senior to fill his data card out at once and completely. This last is particularly important if the book is to maintain any semblance of regularity in its makeup.

THETA DELTA TO HOLD BIRTHDAY CELEBRATION

Tuesday evening, October 31, Theta Delta Chi, with many of her friends, will celebrate the seventy-fifth anniversary of her founding in a masque dance at the Charge House. Alpha of Theta Delta Chi was founded at Union College on the dark Holloween night of 1847, and the dance Tuesday evening is a combined birthday and Holloween party.

HOW'S THIS, SOPHS?

According to the Hatchet, the sophomores seem to be keyed to a breaking point. Their tune is rather frivolous and their manner entirely too much on the offensive considering their small fifteen hours' age. Let them, as a body, dare offend "any young innocent," and they will have the house around their ears. They imagine they can further the dignity of the school by humbling the Frosh. We, the members of the Class of 1927 say, "Let them try."

—Anonymous.

Y. W. C. A. TO GIVE LUNCHEON FOR GIRLS

Rabbit Hole patrons and those who frequent campus restaurants will do well to interrupt their noon-hour preferences on Monday, November 6, and make for the Women's University Club rooms. A real luncheon will be served to all women students by the George Washington Chapter of the Y. W. C. A. The luncheon will signalize the first anniversary of the Y. W. C. A., and will serve as an observation post to mark the progress of the George Washington organization to date.

Miss Frieda Klenk, of New York, student secretary of the eastern field, has been secured for the occasion, and will address the association.

Girls expecting to attend are requested to sign the notice on the bulletin board in the girls' rest room.

FLY ELECTED PRESIDENT-MANAGER OF GLEE CLUB

Director of Music at the First Congregational Church is Leader of G. W. Singers.

W. Graham ("Babe") Fly was elected president-manager of the Glee Club and Ronald N. Marquis was re-elected secretary-treasurer at the annual election of officers held in Lisner Hall Thursday, October 19.

Motions were placed on the floor for the renomination of ex-President Lord, but were ruled out when he withdrew because of lack of time to adequately perform the duties of president-manager.

Mr. Mueller, director of music at the First Congregational Church and a leading figure in the Capital's musical circles, has been secured as director of the Glee Club. Under his energetic leadership great progress is expected for the future. Tryouts are held every meeting for new men who wish to join the club.

President-Manager Fly urges all men who wish to enter the club to register immediately, as the membership is rapidly approaching the limit of fifty, after which no more candidates will be received. Plans are also being formulated for two quartets and a stringed instrument organization as integral parts of the club to aid the development of special music.

Hereafter at the request of Director Mueller all practices will be held at 8.30 in his office at the rear of the First Congregational Church, Tenth and G Streets.

NEW LEGAL FRATERNITY AUTHORIZED BY FACULTY

Plans for the forming of a legal honor fraternity in the Law School are under way. A committee of the honor students of the third year class of the Law School, presented a petition to Dean Ferson and the members of the Law School Faculty, asking authority to organize such an honor fraternity. The membership will be dependent entirely upon the student's scholastic standing.

As soon as this chapter has been formed a petition undoubtedly will be made to the Coif. The petition was signed by Philip Barnard, Frank S. Rowley, Blake C. Nicholson, Joseph W. Hazell, Thomas K. Humphrey, Dan H. Wheeler, and Joseph A. Jordan.

At a meeting of the faculty the petition was approved and a committee consisting of three members of the faculty, one of which should be the Dean and two members of the honor students, was authorized to perfect the details for completing an organization. It was decided that only members who had started their sixth semester with an average of A would be eligible, and also any who graduated from the University with an A average. A provision was also laid down by the faculty that the organization should not admit more than 10 per cent of any graduating class.

MEDICAL FROSH ELECT

Amid tumultuous proceedings the Freshmen of the Medical School last Friday morning staged an election of officers. The following officers were elected: President, Howard L. Smith; vice president, J. E. Wood; secretary, Miss Aleatha Anderson, treasurer, Frank E. Gantz; sergeant at arms, J. F. Davidson.

The office of president was the most hotly contested. Four candidates were nominated, and the president elected by the elimination method. The other officers were elected by highest number of votes.

ST. JOHN'S DEFEATS G. W. BY 27-14 SCORE

Hatchetites Outplay Oponents, Scoring Two Touchdowns in Last Quarter.

PTAK AND WELLS SCORE

Murphy, Allen, Hottel, and Ptak Star; Team Shows Much Improvement Over Baltimore Game.

As a preliminary scrimmage to the Naval victory, Coach Bill Quigley's gridiron charges bowed to the St. John's College eleven 27—14 last Saturday morning. After an inauspicious start in the first half, in which the Johnnies scored three touchdowns, the Hatchetites came back and played the Annapolis boys off their feet for the remainder of the game. It was this show of fight and spirit in an uphill fight which encourages the local followers to expect better things in future contests.

In the first half the Johnnies were able to gain almost at will, the Hatchetite line being split wide open, and so scored 20 of their points on straight football. Their final touchdown came as the result of an intercepted forward pass and a long run to the goal line. This run interrupted an attack of the visitors which had carried them practically fifty yards.

Hottel, substitute guard, was the first of the home guard to cross the enemy's goal, through the medium of a recovered fumble, but this touchdown was not allowed, being ruled an uncompleted forward pass.

Wells scored six points for G. W. by snatching up a St. John fumble and dashing fifty yards to the goal. He was given some splendid interference by Buckheister. Murphy added the extra point through a drop kick.

Jim Ptak ended the scoring for the morning when he pulled in one of Murphy's long passes over the goal line. Murphy again added the point.

Captain Ptak, Jerry Murphy, and Allen played best football for George Washington.

ALL PLEDGE SIGNERS TO BE TAGGED NOV. 1

Signers to Display Tag—Earl Manson in Charge in Columbian College.

To make more effective the work of the plege campaign, a tag day has been arranged by the board of managers for November 1.

Tags will be issued to all those who have signed the pledge, and renewed efforts will be made for getting the remainder of the quota of signers needed for carrying on the student activities for the year.

Students soliciting subscribers to the pledge will be provided with tags and a tag will be given to each signer. Earl Manson will have charge of the distribution of the tags in Columbian College, Bernard Burdick for Law School, Harold Rhame for Medical School.

MEDICAL SOCIETY MEETS

The first meeting of the George Washington University Medical Society was held at 8 o'clock, October 21, 1922, at the George Washington University Medical School. The following papers were presented: The Pathological Rennaissance of Stahl, Hoffman, and Boerhave, by Dr. H. K. Craig; "Frolich's Syndrome," by Dr. J. D. Stout; "Pernicious Anemia" and "Apalastic Anemia," by Dr. Oscar B. Hunter.

Dr. Custis Lee Hall was extended a hearty welcome by the society upon his recovery and return to active practice.

A smoker was held following the scientific program.

COUNCIL ELECTIONS

Elections to fill vacancies on the Student Council will be held on November 5 and 6. There is one member to be elected from Columbian College, one from Engineering, and one from Graduate School. Either men or women may run.

A nominating petition signed by 10 per cent of the students registered in each respective college must be presented to Heath Melton, chairman of the Elections Committee, at the Y. M. C. A. by 7 p. m. on November 4.

INTERFRATERNITY SMOKER ON NOVEMBER TENTH

At a meeting of the Interfraternity Association held Sunday morning, it was decided that an Interfraternity Smoker would be held on the evening of November 10, at the Phi Sigma Kappa Fraternity House on Massachusetts Avenue and Sixteenth Streets. This will be held the night before the G. W. U.-Catholic football game, and it will afford an opportunity for the undergraduates to practice the football songs and cheers. Jack Daily has been elected cheer leader.

Among other things taken up at the Sunday morning's meeting was the decision that all fraternity pictures for the Cherry Tree should be taken in tuxedos, and also assessing the dues of the chapter members of the association at $5.00.

TWENTY FEATURES PLANNED FOR Y. W. C. A. FAIR

Free Vaudeville, Snake Charmers, and Fortune Tellers, all for 15 Cents, at Entertainment on November 17.

The Main Street County Fair, to be given by the members of the Y. W. C. A. of the University on November 17, has blossomed into a very extensive affair. Not only the girls belonging to the association, but various fraternities and sororities, are cooperating to make the undertaking a success. Sigma Kappa bids fair to be popular at the candy booth, where kisses (among other delicacies) will be sold. Alpha Delta Pi will have charge of the hot-dog booth, and other organizations will contribute to the general entertainment of the evening.

There is a splendid vaudeville program being planned, which will be continuous all the evening. There will be no extra charge for this performance. Bee Woodford, captain of the swimming team, will stage a swimming match between the best swimmers of the team.

The main affair will be held in the chapel, which will be decorated to resemble Main Street of a small town. Booths down both sides of the room will help that impression. Under the balcony a palmist will have an attractive den in which to receive seekers after knowledge of the past, present, and future. Above her in the balcony is to be a shooting gallery, with Walter Stokes in charge.

A special feature of the entertainment will be a real snake charmer from Egypt. It is guaranteed that Mme. Serpentina Boa will have live snakes.

A gallery of famous pictures will attract those not interested in snake-charming, fortune-telling, etc., and a dog show is in process of arrangement. Hot dogs, yellow dogs, and all other varieties will be very much in evidence. A poultry show is to be another attraction.

Last, but not least, a play will be given continuously all evening in room 1. The finest talent of the University will be used for this production.

The price of tickets is set at 15 cents. No side show will cost more than 10 cents, and the vaudeville show is included in the general price of admission.

All University students would do well to set aside the date of November 17 for an evening of fun with the Y. W. C. A. girls. Everyone is welcome after 8.15.

LAW FROSH ELECTIONS TO BE HELD NEXT MONDAY

The president of the Law School Senate has announced that the election of the first year class of the Law School will be held in room 9 on Monday evening, October 30, immediately after the close of the evening classes. The officers to be elected are president, secretary, and treasurer, and three members to the Law School Senate. Under the regulations one of the senators must be a woman.

NEW SPANISH INSTRUCTOR

F. B. Acosta has been appointed an instructor of Spanish, according to an announcement made by Elmer Kayser, secretary of the University. Mr. Acosta taught Spanish at the University of Chicago for a number of years before coming to this city. Through his wide experience he brings a rich knowledge of Spanish literature to the University. Besides his duties here he is also engaged in journalistic work.

PLEDGE CAMPAIGN PROGRESSES SLOWLY

Only 395 Students Have Signed to Date, While 2,000 Are Needed.

ACTIVITIES MAY STOP

Hodgkins Declares Campaign is up to the Students—Hatchet and Other Organizations Obtain Signers.

President Hodgkins stated in regard to the camapaign:

"I would like to see the Activities Campaign stirred up. There are enough students that seem to be interested, but no interest has been shown in the matter.

"If we de not get at least 2,000 subscribers we will have to stop activities. If the football team had won a few games, the students would sign without any trouble. We can do no better until we have more money.

"The plans formed seem to be very good, but the matter rests with the students. If they do not show any interest in the campaign it will be a failure. I would like very much to have some real interest shown."

Only 395 students out of a possible 4,000 have signed the Student Activities Pledge. This means that the subscriptions are $16,050 behind the quota of $20,000, estimated by Bryan Morse, director of Student Activities, as necessary to support activities for the coming year.

Last year at this time approximately 35 per cent of the 3,346 students had signed the blanks. This year only 10 per cent of the 4,000 have supported the campaign.

If the quota of $20,000 is ont reached, it will be impossible to continue the athletic teams, the publications will have to be abandoned.

The Hatchet staff has obtained 110 signers, the Cherry Tree staff a large number, but the other organizations are yet to be heard from.

OFFICERS WERE ELECTED BY ENOSINIAN SOCIETY

Plans for Centennial Celebration to be Discussed at Next Meeting November 6.

The first formal meeting of the Enosinian Society was held Monday evening, October 23. Mr. J. Fuller Spoerri having declined renomination, Mr. W. Waldo Girdner was unanimously elected president. Other officers were elected as follows: Vice president, Edith L. Elliott; secretary, Oscar A. Zable; treasurer, Vernon B. Zirkle; delegate on Debating Council, Edward L. Scheufler; librarian, H. Irene Corey; sergeant at arms, Meadow Wright.

The new president spoke at some length on the aims of the society in general and the plans for the coming year. At the next meeting, Monday, November 6, plans for the centennial celebration will be definitely decided upon, and applications for membership will be received.

In order to accomplish all that is planned for the year, business affairs must be in running order at an early date, and the extreme desirability of having all members in attendance at the next meeting can not be too strongly emphasized.

FILIPINOS ORGANIZE CLUB

Filipino students at the University have organized a club under the name of "The Philippinensian of George Washington University." The purposes of the club are to "take an active part in the activities of the University, socially or intellectually, to cultivate friendly relations between Filipino and American students in the University, and to promote the intellectural, moral and physical welfare of its members."

The officers of the new organization are: Alfredo Samson, president; A. P. Casiano, vice president; Pedro de Leon, secretary; and G. L. Fajardo, treasurer.

NOTICE!

The mailing list for the Hatchet is now being made from the list of Pledge Cards, and will be used for mailing the Hatchet next week, and every week thereafter. Be sure to sign a card if you have not, so that your name will be put on our list as soon as possible.

WASHINGTON, D. C., ... October 27, 1922

Here and Elsewhere

The Alumnae of Lake Erie College are starting a drive for an endowment of one million dollars, half of which is to be spent in "necessary" improvements and the rest cached as a trust fund for the accumulation of interest. Each of the alumnae is pledged to secure donations and gifts amounting to $295. The officials of the college are very hopeful as to the ultimate outcome of the drive, since the graduates are spirited and loyal to their institution.

The exact geographical location of the college has escaped the attention of the writer, as has the relative standing of the school. In fact, it has been impressed on him that very few people have ever heard of the place before. Yet the facts are significant when considered in the light of student support. At George Washington, with a standing of a hundred years, with alumni all over the world, and with an irreproachable scholastic reputation, it is difficult to convince the students of the dire need of an investment of the pitiful sum of ten dollars in an agency that will be mutually beneficial.

The former students in a small college have promised to aid in getting an individual pledge of nearly three hundred dollars, when their only return possible is an advance in the general standing of their institution. They are offered no inducements such as a weekly paper, a season ticket for athletics, a year book and sundry medical benefits. They are asked to give, for the love of giving to their college. Yet the G. W. students have been slow to invest in a sure-enough business proposition that costs them comparatively nothing, but which means the life of student activities, more general recognition of the university, and a better chance for a "Greater G. W."

It is difficult to believe that the university students are too tight-fisted to pay the amount asked for. But with the slowness of signatures to the activity pledges, no other belief can be entertained. The only way the individual may redeem himself is by signing—and that right soon.

Navy Day

Today is Navy Day, a day set aside by the Secretary of the Navy to celebrate the consecration to duty of the personnel of the present Navy and the glorious services rendered these United States by the Navy of the past. No great fleet action was fought by the Navy in the recent World War, but its antisubmarine patrol, its mine barrage, and its convoy service were, nevertheless, vital contributions to the ultimate victory of this Nation.

Whilst the faculty has decided to make no official observence of this day, it would be well for every student in attendance here to stop a moment and consider how much the Navy means to him and his future. The world in general will soon pass over what is done on this day, but it must be constantly reminded of the greatness of this country through its splendid Navy in order that it may remain at peace. The men and women who are studying here today are the leaders of the Nation tomorrow, and it is up to them to see that no sinister attacks are made at its foundation by vainglorious attempts to lessen its defenses.

The following message comes from Henry Breckinridge, former Assistant Secretary of War and now a prominent officer in the Navy League of the United States:

> "Those who proposed the celebration of Navy Day, who urge upon you what they believe to be an opportunity of patriotic service, are advocates of peace. They believe in and support the reduction of armaments by agreement, but reject as absurd the fatuity of disarmament by example. Living in a world of reality, they would foster the instrument of their security while looking forward to the realization of the ideal not yet attained when the only security needed by mankind shall rest in the hearts and minds of men and nations."

Pick Ups

Forty new men have reported for the University of Vermont Glee Club. The quartette will be featured this year together with an orchestra and the mandolin club, which will contribute its services. We predict a big musical year for Vermont.

* * * * * * * *

Two booths at the Utah State Fair will contain the works of the University of Utah in its various departments, and lectures on the school will be given to the public.

* * * * * * * *

Kansas University will have a "Dad's" Day on November 4, the date of the Oklahoma game. All dads in the Alumni are invited to the game in company with their sons, daughters, and wives.

* * * * * * * *

E. R. M.—We sympathize with you, but we might say that if every girlie were as good as she pretends to be when she first meets a man, what a dull world this would be.

* * * * * * * *

Halloween will be celebrated at the University of Kansas with a regular old-fashioned party, with lots of games and stunts, dancing, and refreshments. Plenty of life there.

* * * * * * * *

Ohio State is training 1,044 men in a special cheering section. This is known as the "Super" Cheering Contingent. At Iowa State an organization of this character is called the "Siren." At the University of Iowa its group is called the "Howling 300." Special yells, novel songs, and formations are presented by these organizations, and splendid success has been reported by every college organizing these sections.

A room-mate is a fellow who—wears your socks.
Gets sore when you wear his.
Want's to sleep when you want to read.
Want's to write a letter when you want to sleep.
Is always yapping about some fool girl.
Doesn't show any interest in your's.
Is learning to play a mandolin.

* * * * * * * *

The staff of the "Utonian," the yearbook of the University of Utah, is staging an all-student subscription contest. A beautiful sterling silver loving cup will be awarded the winner.

* * * * * * * *

Engineering students of the University of California will be given an opportunity to visit the Hetch-Hetchy Dam Project. From there they will proceed to the Don Pedro Dam and Yosemite Valley.

G. W. SEALS FOR SALE

The University seals are now ready and samples are on exhibition in the treasurer's office.

The seals are very good looking and according to Ronald Marquis, who has charge of them, they are selling well. They are bronze on a wooden shield, and are a decorative and patriotic addition to faculty, frat, or private rooms. Those who wish to purchase them may do so through Mr. Marquis, in the treasurer's office.

PYRAMID ELECTS OFFICERS.

Pyramid Honor Society held its annual election of officers last Sunday. The following men were elected: James C. Hatcher, president; Thomas E. Lodge, vice president; C. Melville Walker, secretary-treasurer.

CAROLINA CLUB MEETS.

Arrangements for the formation of a North Carolina Society will be made at the first meeting of the society next Wednesday at 7 o'clock at the Law School. All University students from North Carolina are cordially requested to be present.

STUPID STEVE SAYS:

From what we have found, really we think that the youth of this city deserve credit for finding streets smooth enough to skate on.

* * * * * * * *

"Ten thousand dollars worth of ukeleles burn." May they rest in peace.

* * * * * * * *

The plan to cut the speed limit to 12 miles an hour in Washington suggests the possibility of their eventually demanding that the motorist get out and pull his car around with a rope.

* * * * * * * *

Johnny drove a little car,
But drives no more, alas!
For when he tried to press the brake,
His foot was on the gas.

* * * * * * * *

Mrs. Wilson, at a Democratic meeting for women, advises that when they have nothing more to say that they sit down. Now, we ask you, when, oh, when is it that a woman should sit down in her own estimation.

* * * * * * * *

(Ye Ed. thinks that this is about the funniest thing he can think of to write about this time.)

Headline from Hatchet: "Freshmen will wear green caps." My, oh my, but don't the Freshmen look queer—in those green caps.

* * * * * * * *

Did it ever occur to you how sharp those darn points are on that fence out front.

* * * * * * * *

Heard one of the school-spirited young men of G. W. remark: "Well, even if the Pledge admits you to all the games, you have to go and sit with the students." It is this that even after one hundred years of being finds G. W. as compared with other schools as old, practically unknown. Now, all of you get good and peeved and make the bird that throws the wet blanket on everything cut out that line of talk.

* * * * * * * *

King Alphonso founds order of "Girls who danced with him," and gives 'em a diamond brooch. Start an order over here and give some of the flappers felt dancing pumps to relieve the shock as they plow down on your pet hoof.

* * * * * * * *

Dear Stupid: I was in Va. the other night and the Ku Klux Klan made me move from where I was parked. Said I was having a petting party. And honest, I hadn't even started. What should I do?

—SILAS.

Dear Silas: Join the Klan. Then go back and give a real demonstration of when you get "started."

—STEVE.

Which Type of Research is of Greatest Value?

A stove burns too much coal. A man familiar with the principles of combustion and heat radiation makes experiments which indicate desirable changes in design. That is research.

You want to make a ruby in a factory, a real ruby, indistinguishable by any test from the natural stone. You begin by analyzing rubies chemically and physically. Then you make rubies just as nature did. Your rubies are the result of research—another type of research.

While melting up your chemicals and experimenting with high temperatures, you begin to wonder how hot the earth must have been millions of years ago, and what were the forces at play that made this planet what it is. Your investigation leads you far from rubies and causes you to formulate theories to explain how the earth, how the whole solar system was created. That would be research of a still different type.

Research of all three types is conducted in the laboratories of the General Electric Company. But it is the third type—pioneering into the unknown—that means most in the long run, even though undertaken with no practical benefit in view.

For example, the Research Laboratories of the General Electric Company are exploring matter with X-rays in order to discover not only how the atoms in different substances are arranged but how the atoms themselves are built up. The more you know about a substance, the more you can do with it. This work may enable scientists to answer more definitely the question: Why is iron magnetic? Then the electrical industry will take a greater step forward than can be made in a century of experimenting with existing electrical apparatus.

You can add wings and stories to an old house. But to build a new house, you must begin with the foundation.

NEW DOMESTIC SCIENCE QUARTERS READY SOON

Model Kitchens and Dining Rooms Will be Part of Equipment to be Ready in Two Weeks.

Charred ruins and gory fingers are soon to pass into history.

Young women who are wringing their hands over the smoking remnants of their culinary attempts and who are in the habit of brandishing their needles like sabers will soon be separated from their plaguing uncertainties, according to Miss Evans, instructor in Domestic Science, in commenting on the opening of the new Science Building at Twentieth Street.

Miss Evans, who was seriously handicapped last year because of the inadequacy of equipment and space, is, therefore, looking forward with gratification to the day, now only one week distant, when the building shall be ready for occupancy.

"Surprise is in store for all my pupils," said Miss Evans. "Gaunt and unattractive class rooms will be eliminated, and in their stead will be bright, cheerful, and home-like rooms, and plenty of entertainment. There will be three complete laboratories, a model dining room, fully equipped, and two sewing rooms. After things in our new quarters have been permanently arranged, we shall give a house warming in order to introduce our new facilities to the faculty and to others interested."

Footprints

"Great men—leave behind—
Footprints on the sands of time."

JERRY V. MURPHY

Jerry V. Murphy, quarterback of the football team, was graduated from Beverly, Mass., High School. Played on the football, baseball, basketball, hockey, and track teams. Was captain of the football and hockey teams. Entered G. W. September, 1922. Member of Sigma Nu Fraternity.

J. FULLER SPOERRI

J. Fuller Spoerri, president of Free Lance Club, was graduated from Englewood High School, Chicago, in 1915. Attended the University of Chicago, was editor of The Chicagoan, and cheer leader. Entered G. W. in the fall of 1919, and won the Genevieve Chatteron McCutchins art prize; was vice president of the Junior Class, 1921, chairman of Junior Prom, 1921, member of May Fete Carnival Committee, 1921, president of the Enosinian Society, 1922, received A. B. degree from G. W. February, 1922, member of the Junior Class in the Law School, and candidate for A. M. degree in Graduate School. Member of Delta Theta Phi Law Fraternity.

SENIORS TO MEET

A meeting of the Senior Class for the election of officers has been called by Maxine L. Girts, president of last year's Junior Class, for Friday evening, November 3, 1922, at 8 o'clock, in the chapel. All Seniors are urged to come, for plans are to be made for a big year.

JUNIORS MEET IN LISNER HALL TONIGHT TO ELECT

Plan to Make Class Activities Even More Successful This Year Than in the Past.

Clyde A. Tolson, president of the Sophomore Class of Columbian College for 1921-22, has called a meeting of the Columbian College Junior Class to meet to-night in room 1, Lisner Hall, at 8.30 p. m. The purpose of the meeting is for the election of officers of the class of '24, and to formulate plans of the Junior Class for the ensuing year.

"I hope that the activities of the Junior Class will be even more varied and more successful this year than in the past," said Tolson. "It is my desire to see the class have a better reception, a bigger prom, and introduce new events never held by the Juniors

THREE CANDIDATES FOR SENIOR LAW PRESIDENT

The contest for president of the Senior Class in the Law School is well under way. The class met last Tuesday evening to receive nominations for the various officers for the ensuing year. The only contest is that for class president. The nominees are Don Reid, Joseph A. Jordan, and Scott A. Dahlquist.

A ballot box has been placed in the hall and the election will be conducted under the auspices of the Law School senate members.

Frederick M. Bradley is unopposed for the office of vice president, as is Miss Pauline G. Wallace for secretary, and Walter Miller for treasurer.

THE SPY

Garrick.

Cyril Scott comes to the Garrick next week in a new comedy from the typewriter of Emil Nitray, the author of "My Lady Friends" and "The Little Typhoon." The name of the new play is "The Man on the Balcony," and it is presented by Frank Smithson, who also is responsible for the direction of the piece.

The star has been featured in a long series of plays and is supported in this one by a capable cast, containing such names as Franklyn Dawson, Lillian Bernard, and Curtis Carpe. The leading feminine role will be carried by Ottola Nesmith, a Washington girl.

The story is divided into a prologue and three acts. The action of the prologue is laid in London in 1720, and the body of the play in New York of to-day.

The Washington opening on Sunday night will also be the initial performance of the play, and while nothing definite is known concerning its value, the author is capable of fast-moving witty comedy, and this play is well cast. It is certain to be entertaining and above the average.

President.

Our local aggregation, the President Players, presents next week, beginning Sunday night, Winchell Smith's "Turn to the Right." The play was one of the successes of New York last season, and the Presidenters promise us a portrayal that will equal that of its initial cast.

Eileen Wilson and Henry Duffy will carry the leading roles as usual, and the rest of the company will be cast in roles suitable to their individual talents. We can be assured of an entertaining play, well acted, for the Presidenters are a stock company of which any city might well be proud, and they are capable of an excellent performance of the piece.

The play is good, the company one of the first order, and Director Owens "knows his stuff." Besides, it is always a pleasure to attend a performance in the beautiful President Theater. If you attend you will find the evening well spent.

Approved for this Week.

"A Clean Town" at the Shubert-Garrick; comedy-melodrama based upon enforcement of the Volstead Act in a small town. Charles Ruggles carries the burden of the play in his usual assured manner, and is ably assisted by a good supporting cast. Though lacking the excellence of "Kempy," the author's first play, its satire is most entertaining and provides an evening of laughter. Has been well received. Recommended.

"East is West," with the President Players at the President. Eileen Wilson essaying the Fay Bainter role and getting away with it, and admirably assisted by old favorites and beautiful scenery. Cute play, well acted in a beautiful theater. In its second week. The best stock organization Washington has ever had. Recommended.

SUCCESSFUL INTERFRAT FLOOR SEASON PREDICTED

Steps Being Taken to Secure Use of Coliseum for Contests.

Interfraternity basketball promises to be a great success this coming winter for many reasons. The indoor sport has always been quite popular among the Greek letter society men, and some very keen rivalry was shown in the championship battles that were played last winter. Many of the men who took part in the series of 1921 will play again this year, and they are looking forward to the opening of the tournament with great expectancy.

Plans are being laid by the Interfraternity Association to have the league started in the months of November and December, before the varsity schedule begins. This will relieve the teams of the handicaps encountered before, when the varsity players were eliminated from these contests. All of the fraternity men will be able to play in the league and good material for the regular G. W. team can be brought to light.

Knut Nilsson, president of the association, said that as soon as final action is taken on the basketball question, steps will be made for launching the league. The Central Coliseum will in all probability be used for the contests. This floor is in a central location and will provide ample space for both players and spectators. A schedule of the games will be drawn up and practice will begin with plenty of spirit and pep.

TENNIS SCHEDULE

Coach Miller, in order to complete the course, has set the following dates for the preliminary tennis tournaments:

1. Patrick and Van Eude play by Saturday, October 28.
2. Buchanan and McGuire play by Sunday a. m., October 29.
3. Crews and Tuzmiak play by Sunday a .m., October 29.
4. Glover and Myers play by Sunday a. m., October 29.
5. Daly and Gensburg play by Sunday a. m., October 29.
6. Ziegler and Flickenger play by Sunday a. m., October 29.

Rutley plays the winner of the second match by Sunday p. m., October 29.

Gardiner and Law play by Sunday p. m., October 29.

Winner of tournament 3 plays winner of 4 by Sunday p. m.

Winner of tournament 5 plays winner of 6 by Sunday p. m.

TEN GIRLS IN MEDICAL SCHOOL

Dean Borden of the Medical School announced that the class enrolled last year had 140 members, 10 of whom were girls. He stated that the general average in grades of the girls was somewhat lower in comparison with that of the men of the class.

Are You Short of Money?

Read what Guy Harris says about making money selling Simpson Tailor-made Clothes:

"I worked my way thru school selling Simpson suits and overcoats.

"Last spring I found myself in a position of being compelled to earn extra money to pay my expenses or leave school. Thru the employment manager at school I learned of J. B. Simpson, Inc., and succeeded in making a connection with them. Altho I have never in my life before sold a suit or overcoat, I have earned an average of $37.00 per week by using my spare time to take orders for Simpson suits and overcoats.

"I did not depend only on the college students, but each afternoon I went out and called on from ten to thirty men. As Simpson values are exceptionally good and I could save the men from $10.00 to $20.00 on every suit or overcoat, I nearly always succeeded in getting from one to five orders a day. The opportunity to do this work was a God-send to me, and I can think of no better way to meet expenses than by getting the agency for Simpson clothes. The firm is 100 per cent on the level—a big, reliable, honest institution, and I can not speak too highly of them. This season I will do even better, as I have several hundred satisfied customers whom I can resell."

GUY C. HARRIS.

If you are looking for a means of making money you can find no better or more profitable way than by making application for the Simpson agency at your college. All our suits and overcoats are made from virgin wool fabrics, tailored to order, and sold for the flat price of $29.50. In fit, style, and quality they are equal or superior to the average garments retailed at $50.00. We are one of the largest tailoring organizations in the United States, and stand back of every garment with an honest guarantee of absolute satisfaction. If you are working your way thru school, write us.

Please address your letter—Attention of Salesmanager.

CAMPAIGN FOR WILBUR PORTRAIT FUND STARTED

Richard R. Merryman Is Now Painting Picture—Small Copies are to be Sold to Students.

Gertrude R. Brigham, Ph. D., instructor of the History of Arts, has started a campaign to raise funds for the Dean Wilbur Portrait Fund.

Last year students and graduates subscribed $125.00 as a starter for the fund. The portrait is expected to cost $2,000.00. Money is to be raised through the sale of autographed photos of the portrait to Alumni and students in the school and especially students of Dean Wilbur's English classes. The photos will vary in size, and the price will be according to the size of the photo. Very probably students will have charge of the sale of the photos.

The commission for the portrait was given to Richard S. Merryman, studio 808 Seventeenth Street N. W., by suggestion of Mrs. Wilbur.

Richard S. Merryman is professor of art in the Corcoran School of Art, portrait painting, in the Pennsylvania Academy of Art in Philadelphia, and before coming to Washington he was in the Museum of Fine Art of Boston. Mr. Merryman is a Boston man. He is one of America's young portrait painters.

Mr. Merryman painted a portrait of Theodore Noyes that was exhibited in the Corcoran Art Gallery, and then later presented to the Public Library of Washington, D. C.

The first sitting of Dean Wilbur was held on October 18, 1922, at the studio, 808 Seventeenth Street, from 8 till 10 o'clock a. m. The next sitting will be Friday, October 20, 1922, from 8 till 10 o'clock a. m.

A suggestion to aid Dean Wilbur in his posing was that of having some one read to him while Mr. Merryman paints.

The portrait will be painted of Dean Wilbur in his Academy gown and hood of Litt. D., bestowed on him by Brown University.

Dr. Brigham is chairman of this committee.

CAROLINIANS TO ORGANIZE

All University students from North Carolina are requested by J. E. B. Stuart to be present at a meeting next week for the formation of a North Carolina society. The meeting will be held in the Law School next Wednesday at 7 o'clock.

JUNIORS TO MEET

A meeting of the Junior Class for the election of officers has been called by Clyde Tolson, president of last year's Sophomore Class, for Friday evening, November 3, 1922, at 8 o'clock, in room 1, Lisner Hall. All Juniors are urged to come, for plans are to be made for a big year.

LAW SENATE TO WATCH FRESHMAN ELECTIONS

Dances and Smokers on Social Calendar, and all Student Affairs to be Under Supervision.

Freshmen barristers will be called together next Monday evening, October 30th, by the Law School senate for the purpose of adopting a definite course of proceedings for the present year.

The senate, the executive, legislative, and judicial body of the George Washington Law School will follow its usual custom of virtually determining the future of the Freshman Law Class, and will exercise a general oversight of the election of the latter's officers and three delegates to the senate at the meeting Monday night.

According to Mr. Wisehart, acting president of the senate, a thorough system of management in the conduct of affairs has been effected, and the Senate will compel obedience to all its legislative enactments. "Clamping on the lid is deemed expedient to preclude infractions of our rules," said Mr. Wisehart, "and we are of the opinion that it is justifiable, in view of the fact that a recent violation involved two students rather precariously."

Many smokers and dances are listed on the social calendar among its other activities.

FIFTY MEMBERS ATTEND SPANISH CLUB MEETING

Fifty students attended the first meeting of El Circulo Espanol, Thursday, October 19. Professor H. G. Doyle addressed the club, telling of the aims and the history of the organization. Mr. Protzman and Mr. Giddings both endorsed the plans of the club, which have the approval of the head of the Department of Romance Languages. Mr. Faustino Acosta, a new instructor of Spanish, made a short address in Spanish.

The next meeting will be held on Thursday, November 2, at 8 p. m., in the lecture hall, first floor rear, 2017 G Street N. W. At this time the election of officers will take place, and every student of Spanish is urged to attend, and to become a member of El Circulo Espanol.

LIQUOR PROSECUTIONS IN CHARGE OF G. W. STUDENT

A news note from the Washington Herald of Wednesday morning states that Thomas E. Lodge, well known in the University as former business manager of the Cherry Tree and member of the Pyramid Honor Society, has been appointed as "assistant United States District Attorney, and assigned to aid Frank J. Kelly, who has charge of the prosecution of liquor cases in Police Court."

The article further states that Mr. Lodge is "a member of the Kappa Sigma Society, and makes his home at the frat house of the latter." There can be no connection.

STUDENTS INVITED TO ATTEND ART DISPLAY

This past summer Dr. Brigham toured Europe extensively and collected many paintings and handicrafts of the European people, which she has on display at the Art Center, 1106 Connecticut Avenue N. W.

The Art Center is open from 10 a. m. until 5 p. m. on week days and on Sundays tea is served from 4 to 6 p. m.

Dr. Brigham extends to the students of G. W. an invitation to visit the Art Center and also become members of the Art and Archaeology League that is now being formed.

LAW JUNIORS ELECT

Juniors in the Law School held their elections last Tuesday evening. After the first brush as to whether the election should be unanimous or not, Robert D. Armstrong, one of the honor men of the class, was declared elected president by acclamation. The retiring president, Edward L. Scheufler, presided, and received a hearty expression for his leadership of the 1924 Freshmen Class.

Edwin S. Bettelheim, Jr., was unanimously elected vice president.

The position of secretary was the hardest contested election. After the campaign was over the members of the senate announced that the canvas of the votes showed that Miss Veronica Martin received 45 votes, and Miss Beatrice Clephane 41.

William A. Paisley and Clyde C. Ratcliffe were each elected sergeant at arms and treasurer, respectively, without opposition.

BEER AND WINE WIN IN DEBATING SOCIETY

Scheufler Wins First Honors and Girl Presents Second Best Speech—New Members Wanted.

Fiery debate upon the subject, "Resolved, That the Volstead Act should be amended so as to permit the manufacture and sale of light wines and beer," was won by the affirmative team, composed of Messrs. Scheufler and Somers and Miss Levy, before the Columbian Debating Society Friday evening. The negative argument was presented by Messrs. Marshall, Wright, and Smith.

First individual honors were awarded by the judges to Mr. Scheufler, and second to Miss Levy.

The subject for next week, "Resolved, That immigration to the United States be restricted for a period of five years," will be debated on the affirmative by Messrs. Paisley and Stoltz and Miss Roach, and on the negative by Messrs. Everett and McRay and Miss Smith.

The society meets every Friday evening in room 2 of the Law School. All students interested in debating and public speaking are invited to affiliate with the society.

TRACY TO MANAGE TRACK; DAILY CHEER LEADER

It was decided at a meeting of the Student Council last night that in order for elections to be valid, a member of the elections committee, or a proxy from the Student Council must be present.

The Council elected the following: Stanley J. Tracy, manager of the track; John R. Daily, cheer leader; Albert J. Foley and Leon Katz, assistant cheer leaders; Harold M. Young, assistant track manager; and Beatrice Woodford, assistant manager of girls' tennis.

The following men were recommended to receive letters for work done in track: Earle W. Manson, Arthur G. Nichols, W. V. Simmons, H. A. Tolson, and Ed. S. Whitson.

Since the Coliseum at Center Market has been taken over and renovated by the Department of Agriculture, much improved facilities are available for basketball games there. Arrangements have been made to accommodate a crowd of at least 1,800 people.
